Any Other Business Not Reasonably Anticipated by the Chairman: Mike – Unitarian Church would like to set up a Town Clean Up around Earth Day where townspeople could participate. Mark brought up the possibility of needles being in some trash so we need to set up protocol.						
Assistant Town Administrator's Report: Read by MH and available on the Ashby Website.						
Public Comments (if any): Lillian Whitney wanted to know if the water at the Ashby Elementary School was ok. Mike said he spoke with DEP, the Superintendent and the Company that tests the water at AES. They had some issues in the summer when they replaced the tank and all the families of the children in the school were notified by mail. They replaced a sampling port on the well back in October or November, 2017 & have not had any problems since then. Mike said that the water was tested & any questions about the well were put to rest & that it is safe for consumption.
