

Dec 6, 2017 Hearing was opened at 7:45pm for John Hourihan, 99 Deer Bay Road, NOI for work on drive to pond.

Attempt to fill the hole in the driveway created by a neighbor making improvement to their driveway.

Plans to put one more load of dirt into the hole and seed the load. Will have the siltation fence in place and then can start.

Issue OOC. Require siltation fencing close to the work.

Permanent barrier – like logs – between the 2 trees at the bottom of the slope of the area to be filled.

Please call asap as the siltation barrier is in place so that it can be in place before the ground freezes. At the site visit will try to have the OOC ready for signatures.

Close the hearing at 8:10 with the understanding that the OOC will be signed at the site visit.
