

On July 2, 2018 @ 8:30 pm the hearing continuation for Northland Engineers, 9 Taylor Rd, Septic replacement was opened.

Now have a DEP number 093-380

Planting plan includes:

- Annual Mowing
- Path to garage
- Blueberry bushes to demarcate the wetland bound

Move tank location – has been moved to under the driveway.

Put extra length of siltation fencing off the end of the garage to discourage cars from driving close to the wetlands as they turn around on the road.

BOH had cancelled their meeting and is now rescheduled for July 11,2018. Chair had written a letter to BOH explaining that the plan was under review.

Motion was made and 2nd to close the hearing at 8:33pm. Vote was unanimous in favor. Cathy will write the OOC.
