

The hearing was opened at 8:00pm on June 5, 2019 for 0 Allen Rd, Graz Engineering, for a new, single family home. DEP #93-392, Jamison VanDyke is the owner.

The advertising sheet was submitted and the new plans were presented.

The plan has been revised – 6/4/19

The revision covered the location of the siltation fencing. The prior revision moved the location of the house.

The silt fence will be put into the same location of original siltation fencing.

Retaining walls were added to the sides of the house.

Garage has been eliminated from the plan.

The driveway will be gravel. The driveway plan does not include a turn around.

Permanent conditions

No cutting on the side where the wetlands are – no cutting trees beyond the siltation fence location.

No pesticides, herbicides, chemical fertilizers

The plan will be altered to include walkway, driveway turnaround, steps, and the flagged trees, which now will not be cut.

Will plan to have the OOC written and ready to go on the next meeting – June 19th

Hearing continued to June 19, 2019 @8:30pm
